WHAT ASIFMA GATHERS

ASIFMA collects and keeps information about how to reach you or relevant representatives (such as names, titles, firms, mailing and e-mail addresses, and phone and fax numbers) and information about the specific markets, functional areas, and types of information pertinent to you or relevant representatives. ASIFMA uses this data to help provide useful information to you or relevant representatives and to avoid providing information that isn't useful.

- **Password Requests:** Information gathered in the course of an application for a password access to members-only pages is only used to generate and communicate the password, as appropriate.
- **Webpage Subscriptions:** A subscriber's email address will be used only to notify the subscriber when the page is updated.
- **Member Survey Responses:** From time to time ASIFMA updates its member database and address list through a member survey in order to keep members properly informed and to tailor ASIFMA's Website based and printed materials to suit member preferences.
- **Information collected by IP address and Cookies:** This information is used by ASIFMA for broad demographic data, to produce aggregated information about the number and types of visitors to the Website and to ensure ASIFMA delivers the information members want.
- **In a few carefully considered cases ASIFMA will provide personal data to reputable organizations (including other trade associations in Hong Kong or overseas and ASIFMA's global alliance partners: the Global Financial Markets Association (GFMA), the Securities Industry and Financial Markets Association (SIFMA) and the Association for Financial Markets in Europe (AFME)) that it believes may provide information of interest to industry participants. In very rare circumstances ASIFMA may be judicially compelled to produce such data to authorities.**
