Glue Up User Guide

To enjoy the full experience of the series, we kindly recommend you to follow the steps below to join the webinar:

- ✚ For the best quality and speed, it's strongly recommended to join the Webinar using **Google Chrome** browser.
- ✚ Please make sure you're logged into your personal Glue Up account. If you don't have an account, please create one and log in.
- ✚ Once you register and receive the registration confirmation email from Asia Securities Industry & Financial Markets Association <no-reply@glueup.com>, please press on the **"Click to join Webinar"** button in the confirmation email, you will be redirected to your Glue Up account.

- ✚ On that page you will see **“Join the online event”** button, it will only be available 1 hour before the event starts.
- ✚ Once you press on the **“Join the online event”** button, you will land on the Webinar page on Glue Up, which features an embed video from the Zoom call: to **enable the sound/audio**, access computer audio (there should be an Audio Setting button in the bottom left corner of the video screen)
- ✚ Once the host starts the Webinar from Zoom, the video will load, and you'll see/hear the speaker.

- ✚ If the video is loading for a long time, try to refresh the page.
